Dear Harold;

Since I just got through speaking to you on the phone this A.M. there is not much to add in this letter. I feel kind of guilty basking in the heat out here while you people are freezing. We are going to have another 80 degree day. I just heard on the news that it is 25 below in Cincinnati.

I will keep pursuing the foundation out here and hopefully something will happen.

Again my best to Lil and jim and you.

Sincerly,

Paul
